

Concrete milling machine

BDS 125

hand guided

ADVANTAGES

- **Safe**, with a unique and powerful Safety Tronic
- **Electronic control** to prevent overload, therefore no waiting time until the motor can restart
- **Low operating cost** through an electronic and a mechanical clutch
- **Electronics** for a smooth start and a LED light for optimal milling efficiency
- **Dust-free milling** with excellent dust suction device

Concrete milling machine for **cleaning, smoothing and grinding**

- Unique ergonomic design
- For the cleaning and smoothing of hard surfaces and removing of residual colours and old paintwork
- Easy to work close to the wall
- With special adjustable slide plate for working depths in corners
- Dust suction device, Ø 38 mm

POWER	TORQUE	SPEED	BLADE Ø	MILLING DEPTH	THREAD	WEIGHT
1.600 W	2,3 Nm	8.500 rpm	125 mm	1 – 7 mm	22,2 mm	4,5 kg

BDS 125	ID #	SALES PRICE
Concrete milling machine BDS 125 in carrying case including special slide plate for working deep into the corners	67868	688,00 EUR
Concrete milling machine BDS 125 with diamond milling plate Premium and special slide plate for working into the corners	67876	765,00 EUR
Carrying case	67942	78,90 EUR
Ring brush set to avoid lateral splashing of water	76679	47,90 EUR
Diamond milling plate, diameter 125 mm for fine abrasion on limes tone, brick	67892	112,90 EUR
Diamond milling plate, diameter 125 mm for effective abrasion on lime stone, brick	67918	117,90 EUR
Diamond milling plate, diameter 125 mm for concrete, lime stone, brick	7268	68,90 EUR

Diamond milling plates

Face milling machine

BFF 222

hand guided

ADVANTAGES

- **Low operating cost** through an electronic and a mechanical clutch
- **Dust free milling** with perfect suction device

Face milling machine for grinding and milling
layer by layer to the nearest millimeter

- For interior or exterior areas, house facades, concrete walls, floor pavements, industrial floors, oil- or flax colours, adhesive left-overs, concrete left-overs or colour marking
- Abrading of lead containing paint nearly without fine dust (clearly below the limit of 0,1 mg/m³)
- Quick and effective: 1 m² of plaster can be achieved 6 mm deep in less than 2 minutes
- Machine heads turn in the opposite direction compensating the torque making it easy and precise to use
- Suction device Ø 38 mm

POWER	TORQUE	SPEED	GRINDING WIDTH	GRINDING DEPTH	WEIGHT
800 W	10 Nm	1.100 rpm	190 mm	up to 6 mm	5,1 kg

BFF 222	ID #	SALES PRICE
Face milling machine BFF 222 in carrying case	48223	854,00 EUR
Face milling machine BFF 222 with carbide interchanging cutter tool	6434	1.311,00 EUR
Face milling machine BFF 222 with starmiller set	58529	1.109,00 EUR
Diamond grinding disc set for grinding of concrete surfaces, milling and renovating work on floors (screed and industrial floors) and removing colour	55327	421,90 EUR
Starmiller set (including slide plate)	60616	326,90 EUR
Starmiller SF 80 (set) to remove and balance of soft floor pavement, weathered facades, grinding of heat sensitive material, e.g. polyester color in swimming pools, grinding left-overs and paint from concrete, removal of carpet left-overs and adhesives	54957	245,90 EUR
Slide plate for dust reduction needed (No. 57463)!		
Turbo-starmiller SF 80 (set) for very aggressive removal! To remove and balance of soft floor pavement, weathered facades, grinding of heat sensitive material, e.g. polyester color in swimming pools, grinding left-overs and paint from concrete, removal of carpet left-overs and adhesives.	7383	245,90 EUR
Set of spare starmillers (16 pieces per starmiller)	57984	68,90 EUR
Slide plate for starmiller and carbide interchanging cutter tool	57463	92,90 EUR
HM carbide grinding disc set left/right complete with adapter for grinding	49643	102,90 EUR
HM carbide tipped cutter set for milling work on plaster, plain surfaces, removal of carpet left-overs, adhesives, etc.	55335	197,90 EUR
Keying tool set	73288	406,90 EUR
HM carbide interchanging cutter tool with long life time for the smooth or aggressive removal (carbide plates are to be put upwards). Well defined removal or levelling of floor pavement and plaster. Scratching of material with greasing tendency, e.g. oil paint in swimming pools, different colours on different surfaces, removal of graffiti. Respirable dust-free working (even by leaded colours)!	73379	526,90 EUR
Only possible if using slide plate.
