

Mixer

MOTOR

Powerful, it's provided with overheat protection with manual reset. It intervenes in the event of the agitator jamming.

BUCKET

Homogeneous paste and without lumps. It mixes up to 50 kgs of material independently

Universal mixer

- › PET Bucket - 65 Lt.
- › Mixing capacity 50 Kg.
- › Whip

SAFETY:

An automatic safety switch prevents the motor to start when the mixing head is completely raised up.
